Welcome to Millbarn Medical Centre

Millbarn Medical Centre serves the whole of Beaconsfield as well as its surrounding villages.

Our GP Team includes eight GPs:

Dr Daniel Kinsey Senior Partner;

Dr Helen Bach Partner;

Dr Marco Calandrini Partner;

Dr Mahi Gill Partner;

Dr Dipa Patel;

Dr Shizalia Nik Salleh;

Dr Niloufar Nikpour; and

Dr Alexander Robinson

The rest of the Team includes two nurses, a paramedic, and an HCA, as well as our practice manager and reception and administration staff. We offer a full general practice service and run specialist appointments for children and pregnant women, diabetes and asthma sufferers and for patients needing minor surgery.

At Millbarn Medical Centre our aim is to provide lifelong high quality, safe and effective healthcare to a whole population and to create a partnership between patient and health professional which ensures mutual respect, holistic care and continuous learning and training. Hence, we thank all patients in advance of joining for always being polite and courteous to our staff. Millbarn aims as a patient centred Practice to treat all its patients promptly, courteously and in complete confidence. By working together, we can ensure the best care for everyone.

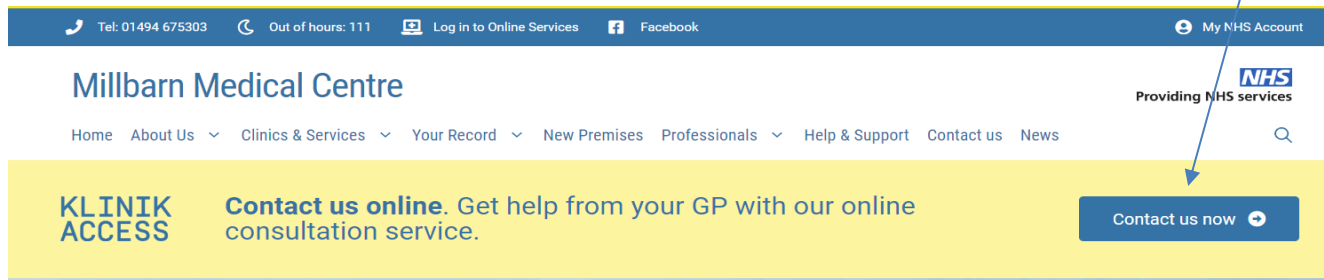

All our patients are allocated a named GP. This means that you have a doctor who has overall responsibility for the care and support that the practice provides to you. This does not prevent you from seeing any GP in the practice at any time should you chose to or if our triaging GP deems it appropriate.

Your named GP will be confirmed once you registration is completed

Our practice is a "training practice". This means hospital doctors wanting to enter general practice spend six to twelve months with us in order to gain the experience they need to become family doctors. Sometimes consultations need to be recorded on video for training purposes. We will ask specifically for your permission when this is due to happen.

How to make an appointment

The easiest way to make an appointment is by visiting the homepage of Millbarn Medical Centre Website at <https://millbarnmedicalcentre.co.uk/> and clicking on the **Contact Us-online** Klinik Access **Contact Us Now** button in the yellow banner on the top of the page

This can be accessed from 6 am – 10 pm Monday to Thursday and 6 am to 4:30 pm Friday but is only responded to during working hours (8 am to 6:30 pm Monday to Friday). Using Klinik you can also request repeat prescriptions, test results and submit general enquiries. If you are unable to use the internet, please phone one of our Reception Care Navigators on 01494 675303 and they will complete the appointment request on your behalf.

All requests submitted prior to 4:30 pm are triaged the same day and any urgent enquiries submitted prior to 6 pm.

Arc Primary Care Network (ArcPCN)

Millbarn is part of the Arc Primary Care Network (ArcPCN) and we would encourage all patients to visit its website <https://arcbuckspcn.org/> to find out more and visit the directory of services which provides a database of local support groups.

As part of the Primary Care Network Millbarn also has the following staff working with its patients: First Contact Physio Therapist, Pharmacists, Physician Associate, Paramedic, Mental Health Practitioner, Social Prescribers and Care Co-ordinators.

Patient Participation Group

I am writing on behalf of the Millbarn Patient Participation Group which is a forum of up to 10 patients who meet formally four times a year, and at other times as necessary. Our remit is to work with the Practice on behalf of the patients, trying to ensure that the service provided is as close to the needs of the patients as possible. We aim to ensure that patients and carers are involved in discussions about the range, shape and quality of the service provided by the Practice. There will be vacancies arising in the group, so in order to be able to continue to represent the patients, we do need volunteers to join our group. If you might be interested in joining us, please complete a request via the Millbarn Website <https://www.millbarnmedicalcentre.co.uk/contact/signing-up-for-patient-reference-group/> or call the practice to let them know and your details will be passed to us so that we can follow up on your interest.

Chairman - Millbarn Patient Participation Group
